

(100kg)

Front Tilt Dryers

Gas Heating

Steam Heating

Electric Heating

12 degree

Forward tilting 12 degree design

Front Tilt Discharge Design

reducing discharge time, lowering labor intensity, and improving the daily working efficiency of the dryer.

Technical Features

Advanced Intelligent Drying System

Equipped with a 10-inch full-color HD touchscreen, it includes 99 built-in editable automatic programs, allowing selection based on different clothes and linens.

Humidity Control Technology

Intelligent control of drying time, accurately controlling the moisture level of the linens to prevent over-drying and potential damage to the clothes while reducing energy consumption.

High Efficiency

The 100 kg dryer can directly load 100 kg of towels, with a steam pressure of over 5 kg, drying within 40 minutes, ensuring high efficiency and speed.

Loading Capacity Design

Designed with a 1:20 loading capacity ratio, the inner drum is made of 304 stainless steel material.

The Kingstar logo, featuring the brand name in a white, italicized, sans-serif font against a solid blue rectangular background.

100cm

large diameter
loading door design

Convenient Door Design

Features an upper and lower door opening design with a door diameter of 1 meter, making loading and unloading towels effortless and time-saving.

High-Power Heating Design

Features a high-power heating system with an added insulation layer on the outer cylinder, ensuring quick temperature rise, good insulation effect, and improved drying efficiency.

Imported Electrical Components

All electrical components are imported brands, including Mitsubishi inverters, Schneider contactors, and all wires, plugs, and bearings are also imported brands.

Multiple Heating Methods

Offers three heating methods: steam heating, electric heating, and gas heating.

Technical Parameters

Specification Model	SDR-2100T
Drum Diameter (mm)	1460
Drum Depth (mm)	1200
Volume (L)	2000
Volume Load Ratio	20
Main Motor Power (KW)	2.2
Fan Motor Power (KW)	5.5
Heating Method	Steam Heating
Rated Voltage (v)	380
Heater Power (KW)	72
Steam Pressure (MPa)	0.6
Width (mm)	1778
Depth (mm)	2100
Height (mm)	2500
Weight (KG)	1800
